Empowering the community to achieve their best performance through life.

Part Time Registered Massage Therapist

If you are a vibrant massage therapist with a passion for learning, come join our team in Steveston, BC. Our patients have been asking us to add this service to our company and we are listening. Steveston, founded in the 1880s, is a suburb of Richmond in Metro Vancouver. It has grown from a small fishing village to a highly coveted place to live and work, attracting both the film and tourism industries due to its charm. The Fraser River walk just steps from our clinic is the perfect place to run, walk or cycle. Steveston is a wonderful and growing community for all ages and activity levels.

Empower Physiotherapy is proud to be the first one-to-one clinic in Richmond and has had continuous growth since opening in 2013. We moved our clinic location to a newer, bigger and brighter space in November 2019. We are a team of passionate professionals who empower the community to keep moving and remain engaged in meaningful activities. Our clinic has a continued history of steady physician referrals, personalized mentorship, and opportunities for growth as a clinician or as a leader in the business.
